

Giles wants a home

By Laura

Giles is a cat

Giles did not have

- a home

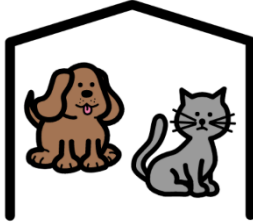

- a family.

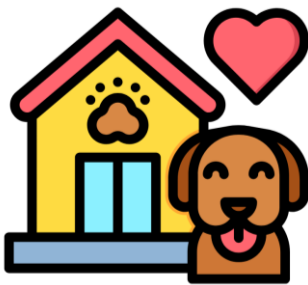

Giles was cold and sad.

One day a stranger took Giles to a shelter

A shelter has staff who help animals.

The animals do not have a home.

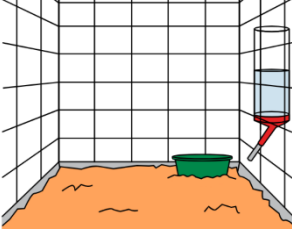

You can **adopt** an animal from a shelter.

Adopt means you take an animal home to live with you.

Giles was lonely

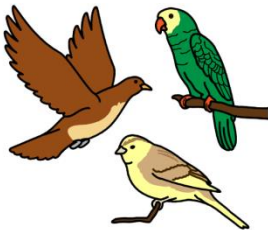

Giles had a small cage in the shelter.

The shelter also had

- dogs

- birds

- other cats.

The animals were loud.

Giles was scared.

People came to the shelter every weekend.

But no one wanted to adopt Giles.

Laura came to the shelter

Giles looked at her.

She looked at Giles.

I love you, said Laura.

Meow, said Giles.

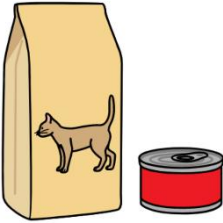

I want to adopt you, said Laura.

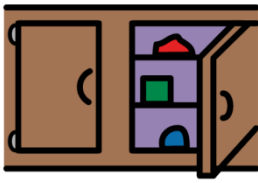

Giles spends time with Laura

Giles likes to eat.

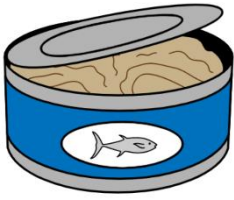

Laura keeps his food in the cupboard.

Giles is excited when Laura opens the cupboard door.

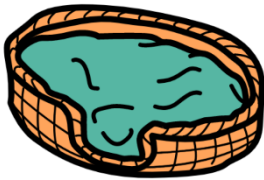

Giles loves

- tuna

- toys

- his warm bed.

Giles and Laura like to nap together

Giles sleeps on Laura's bed.

Laura takes Giles to the vet when he is sick.

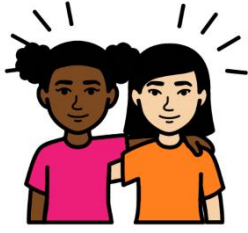

Now Giles has

- a home

- a family.

Giles and Laura are best friends.

The end.
